No. 14384 A.4/50 dated 30-9-50.

Sir,

Sub: Education - Fisheries Higher Elementary school,
Malpe - Additional teachers - sanction - request of.

Dec 101281 F/50
6.10.50

The Fisheries Higher Elementary school at Malpe has at present a staff of 16 teachers of whom five are Secondary Grade teachers and 11 are Higher Elementary grade teachers and of these 15 teachers comprising five Secondary and 10 Higher Elementary grade teachers are taking the 15 classes. The other Higher Elementary grade teacher has to relieve the prevocational teacher. The class war strength and average attendance are given in Annexure I to this letter.

A It is seen from the statement enclosed that standard VIII has a strength of 56 and that the average attendance is 53. Since this is the highest standard of the school and the pupils of this standard have to appear for the E.S.L.C. Public Examination, it is absolutely necessary that this standard should be bifurcated immediately and put in charge of two teachers of the Secondary Grade. The employment of an additional teacher of Secondary grade is therefore necessary.

B tri- Secondly Standard VI which has also got a strength of 122 and an average attendance of 91 in the two divisions requires bifurcation necessitating the employment of an additional teacher of Secondary grade. Moreover, the average attendance of all the standards would have been more than those furnished in the statement appended but for the admissions made throughout the month of June, '50 which adversely effected the average attendance. The Deputy Director of Fisheries reports that the bifurcation of standard VIII and the bifurcation of Standard VI are urgent necessities lest the instructions should suffer. I agree with him.

C The Deputy Director of Fisheries further reports that the Higher Elementary grade teacher who is at present handling the prevocational classes cannot take lessons in the Higher Elementary standards of VI, VII and VIII and that therefore an additional teacher of Secondary grade has to be appointed to relieve the prevocational teachers of Secondary grade. This arrangement will facilitate the work of the teachers and also give some leisure to the Headmaster for attending to his official works and supervision of the classes.

The Divisional Inspector of schools, Coimbatore too during the inspection has remarked as follows:

"The present strength and attendance warrants the appointment of an additional teacher of the Secondary grade"

I append herewith a statement showing the financial implications of the above proposal.

In the circumstances I request that Government may be pleased to accord sanction to the additional employment of three Secondary grade teachers to the Fisheries Higher Elementary school at Malpe and also to incur the expenditure as given in the statement showing the financial implications of the proposal in the current year itself without treating it as a Part II scheme, as additional staff is urgently required for the school. I also request that the proposals may be kindly sanctioned pending provision of funds during the course of the year.

No. 26918 C3/51 dated 4-1-52

Sir,

Sub:- Education - Fisheries - Higher Elementary School,
Malne - furniture - purchase of - Sanctioned -
objection by the Accountant General, Madras.

Ref:- G.O.Ms.No.4686 Development dated 20-11-50.

In the above G.O. sanction was accorded to the incurring of a non-recurring expenditure not exceeding Rs.975/- for the purchase of the following furniture for the Fisheries Higher Elementary School, Malne.

10 Desks	...	Rs. 400/-
10 Benches	...	Rs. 200/-
3 Tables	...	Rs. 120/-
3 Chairs	...	Rs. 45/-
3 Black boards	...	Rs. 60/-
3 Screens	...	Rs. 150/-

Rs. 975/-

But since the necessity for 2 more desks and one table was felt at the School which could have been bought within the above sanctioned amount of Rs.975/- the Assistant Director, Mangalore had purchased and supplied 2 more desks and one table to the School thus making the grand total of desks and tables purchased as 12 and 4 respectively instead of 10 desks and 3 tables sanctioned with the sanctioned amount of Rs.975/-. The Assistant Director, Mangalore has further stated that the purchases were made due to dire necessity and the School has since been converted into a middle school, the extra purchases were not above the bare requirements. But the Accountant General, Madras has objected the extra purchases stating that in the G.O.Ms.No.4686 Development dated 20-11-50 the number of articles of each item of furniture to be purchased have been specially mentioned and thus the expenditure incurred for 2 desks and one table in excess of the sanctioned number of 10 desks and 3 tables needs regularisation even though the cost had not exceeded the sanctioned amount. I therefore request that the number of desks and tables sanctioned in the above G.O. may kindly be amended as 12 and 4 respectively instead of 10 and 3 and the Accountant General, Madras may be intimated through Finance Department marking a copy to this office.
